Federica Iglesias

FULL STACK WEB DEVELOPER JR.

About me

Junior full stack web developer with strong skills in React, Redux, and Node.js. With focus on hands-on training, I am ready to build dynamic, scalable applications. Seeking a remote team that values creativity, collaboration, and continuous learning.

Education

Full Stack Developer Program

Hack Academy - Uruguay September 2024 - December 2024

- Intensive program with over 600 hours of training in 14 weeks, focusing on practical development.
- Built full-stack applications using modern technologies such as React, Node.js, and MongoDB.
- Developed teamwork, problem-solving skills, and industry best practices.

Full Stack Developer Course

Studi - France September 2023 - present

- Introductory course covering web development fundamentals.
- Focused on key concepts in frontend, backend, and databases, including HTML, CSS, JavaScript, and Node.js.
- The course gives me the opportunity to obtain an internship agreement.

Bachelor's degree in Psychopedagogy

Universidad Católica del Uruguay March 2017 - November 2020

- 100% Completed.

Highlighted Project

iGourmet

[View Project](#)

[View Admin Dashboard](#)

- E-commerce platform.
- Developed frontend and backend using React, Redux, Node.js, and MySQL.
- Integrated Supabase as the database solution.
- Deployed the project on Vercel for seamless hosting and scalability.
